

## **Alabama : Baza Education meeting / fund raising Dec 16**

*Baza Education* project is set up by a group of young Togolese, residing in the USA, and are concerned by the state of education in Togo and want to bring supports to the youth of Togo. Our country's education system has suffered from teacher shortages, too much cut of education budget, lower educational quality in rural areas, and high repetition of classes and dropout rates. Sometimes the parents have to gather money to pay the teacher so he/she can show up and teach. Also the student that had their diplomas couldn't find a job in the market: the employment rate also is ranking so high.

It deeply hurt us as Togolese in USA *to* see that the next generation is not getting an adequate education. The future of our country is fading away, because education is the key to a successful country.

### **Our Objective**

- Free tutoring to poor students in exam 's classes
- Financially supports tutors (unemployed graduates)
- Creates a cultural bridge between the students and the project children Togolese diaspora
- We feed the students before classes

## **Indianapolis: Africa Gospel CONCERT Dec 22**

Africa: where nearly half of the continent's 53 countries are home to an active conflict or a recently ended one. During the concert I am going to lead people in the throne room by the grace of God. We are going to pray for the peace for Africa and ask God to be our Eternal rock of ages, the supporter of all the helpless, the father of the fatherless, the husband of the widow. The lifter up of the head of those who are pushed down, the great provider, the rock of ages, the great defender. The great deliverer, the king of glory, the Lord, the Lord strong and mighty, the Lord who has not lost a battle, the I am that I am, the one who never grows old. Glory be to his holy name.

## **Omaha Nebraska: Baza Christmas Carol Dec 25**

Christmas commemorates the entrance of an eternal God into the whirl of time and history, a God who is Spirit and Love into a world of flesh and violence, a God who became incarnate in the person of Jesus of Nazareth, who came to provide the Way and the Truth and the Life for all humankind. We are going to sing songs in Africa language and share the love of Christ. We are going to do Fund raising for Baza Education

## **MOLINE Illinois: Leading Praise and worship Dec 30**

This concert of prayer focuses on the New Year, as we prepare for the challenges, changes, responsibilities and joys it will bring. We would do well to start our year in prayer seeking God's blessing, provision, direction and redirection even as we seek to follow His plans for us, individually and as a congregation

This service will be a little out of the ordinary, as we celebrate a concert of prayer. Concerts of prayer will involve a variety of elements, including Bible readings, songs, testimonies, presentation of the project Baza Education, and of course, prayer. As a cult interactive, we will all have the opportunity to share Bible readings in unison, songs and prayers. Many people, pastors, may cause segments of the concert.
